Geography Chapter #1 Section 2 **Name:**

Where do People Live? (read pages 24-31)

Vocab Words, find the definitions for the following words and write them down in your Geography Duotang in your Vocabulary Section

- Population Distribution
- Clustered
- Scattered
- Linear
- Peripheral
- Population Density
- Settlement Hierarchy
- Dense
- Sparse

Once you have finished reading the chapter, answer the following questions on lined paper in your duotangs.

1. What factors could be affecting the population distribution in Africa? (see figure 1.7 on page 24)
2. What do some countries have a higher population density than others?
3. Find examples in Canada, for each of the following: Hamlet, Village, Town, City
4. What is a Choropleth map? Why would someone pick this type of map to use?
5. What is the formula for calculating population density? (see page 26)

Answer Check-in Questions #1, 3, & 4 on page 31
